American Mfg Co is proud to be the leading AMERICAN manufacturer, the Original OEM's of drilling mud-pumps and replacement parts in the industry. The only US manufacturer of oil & gas drilling mud-pump spares to hold both API 7-K and ISO 9001 certificates. American Mfg is able to offer 100% American in-house made valves, bonded urethane pistons, seals and gaskets at the most competitive price available.

• **LINERS (Steel and Zirconia)**

American Mfg offers a premium Zirconia-Ceramic sleeved HP-style liner. Zirconia ceramic's wear and heat-resistant properties are unmatched by any other liner sleeve material available in today's marketplace. Zirconia-ceramic sleeved liners have been shown to last THREE TIMES AS LONG during drilling operations and will double the life of your piston.

• **VALVES & SEATS**

Full Open Roughneck-Style Valves and Seats & 3-Web and 4-Web Valves and Seats.

• **PISTONS (Blue Eagle Dual)**

Blue Eagle urethane pistons are perfect for use in either oil-based or water-based mud and are able to withstand all but the most extreme of temperatures and operating pressure.

• **RODS (Piston & Extension Rods)**

• **FLUID END MODULES**

American Mfg Inc. brand fluid end modules and complete upgrade packages are setting the standard for the drilling industry with their unmatched combination of quality and affordability.

AMC Mfg offers interchangeable mud pumps parts, centrifugal pump parts, rig parts and swivel parts for all major manufacturers such as Gardner Denver, Failing, Wheatley, National, Emsco, Ideco and OPI.

Billy Pugh Company offers a full complement of personnel transfer devices and baskets to the offshore industry, hereby creating as well as customizing safety transfer equipment and accessories.

Stockist of the Personnel Transfer Baskets (X904 series) at all time.

Houston Digital Instruments, LLC (HDI) is a world leader in providing battery operated, intrinsically safe, certified Gauge Systems. These instruments continuously monitor pressure, temperature, pump stroke counts, and choke positions.

- HDI 2000B Pressure Gauge System
- HDI 2000P Pressure Gauge System
- HDI 2021 Pressure Transmitter System
- HDI 2100 Pump Stroke Counter System
- HDI 2200 Choke Position Indicator System
- HDI 2250 Valve Position Indicator System
- HDI 2400 Pressure Gauge System
- HDI 3200 Mud Gas Separator Monitoring System
- HDI 3300 Temperature Gauge System
- HDI 9000 Choke Console System
- HDI V9000 Virtual Choke Console System
- 2522 Choke Position Indicator System
- HDI M100 Pressure Gauge System
- HDI 1000B PRESSURE GAUGE SYSTEM

Safeguard Technology, Inc. is recognized worldwide as the leading manufacturer of anti-slip safety products. Specializing in design and manufacture of Hi-Traction® Anti-Slip Step Covers, Walkway Covers, Ladder Rung Covers, and more.

A wide variety of base materials, grit sizes, and colors including HiGlo-Traction® (Glow-in-the-Dark), ensures your non-slip covers will be exactly what you need.

Hi-Traction® Anti-Slip Products Include:

- Step Covers
- Walkway Covers
- Ladder Rung Covers
- Pipe & Cable Covers
- Landing Covers
- Roll-Traction
- Direct Gritting
- Anti-Slip Tape
- Roll-Traction
- Mat-Traction

CLIMAX Lubricants and Equipments Co, offers a wide variety of lubricants, sealant and equipment, with different sizes of packaging for the lubricants. As well as, different grease guns to suit your requirements.

Sealants are offered in a variety of packaging, stick grade and bulk grade.

The Stick grades are offered in small sticks, "A" size to larger sticks, "K" size.

We offer equipment in a variety of options including:

- Grease Guns
- Valve Fittings
- Valve Cleaners
- Valve Stem Protectors
- Skid Mounted Lubrication System

Ciglow have been supplying cigarette lighters to challenging environments such hospitals, prisons, petrochemical companies, warehouses, factories and airports for over a decade, thereby limiting potential risk to people and property posed by allowing cigarette lighters and matches on sites.

**Indoor Cigarette Lighters:**  
CIG-UN 6, CIG-7N 7, CIG-MV 8, CIG-AT 9, MANUAL VS CONTROL TIMED 10

**Outdoor Cigarette Lighters:**  
CIG-TR 12, CIG-SS 13, CIG-DH 14, CIG-BLD 15, CIG-PR & CIG-PS 16

**Battery Operated Lighter:**  
CIG-BTK 18, CIG-BTY 19

Leading designer and manufacturer of reliable and accurate pressure sensing equipment with the unique core competency to provide customized specialty pressure sensors in both small and large volumes within relatively short lead times.

- Pressure Sensors
- Pressure Transmitter
- Differential Pressure Transducer
- Temperature Transmitter
- Cryogenic & High Temperature Pressure Transducer

Drillmax is the leading manufacturer of Drill Pipe Float Valve, Gate Valve and Shear Relief Valves, used across the globe for onshore and offshore drilling of wells in the Oil and Gas, Water well and as well as Air drilling industries.

Their Drill pipe Float Valve "Blue Valve" is a flagship product, manufactured in F-Type Plunger and G-Type Plunger, available in a variety of Models and Sizes

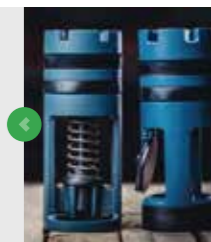

Drillmax Demco DM Style Gate Valves are interchangeable with DEMCO® 5000 PSI mud gate valves. Drillmax also manufactures 7500 PSI Gate Valves modified from a DM Style 5000 PSI design. Both 5000 PSI and 7500 PSI Gate Valves meet and/or exceed the severe pressure demands of deep well drilling.

Drillmax Shear Relief valves are installed on the discharge end of the mud pump. Available in 2-inch and 3-inch connection sizes. Shear relief valves are available for maximum shear pressures of 1000, 2750, 5000 and 7500 PSI, the Shear pins are color coded to help select correct shear pressure.

DrillmaxPro™ valves are designed to handle the higher pressures (up to 10,000 psi) associated with running drill pipe further and deeper. Available in Model 10K F (Plunger Type Valve) & Model 10K G (Full Flow Flapper Type Valve)

Environmentally friendly advanced VCI Technology for corrosion protection.

- VCI Emitters
- VCI Metal Working Fluids
- VCI Coatings
- VCI Powder
- VCI Grease
- VCI Degreaser
- VCI Gun Cleaner
- VCI Rust Remover
- VCI Coolant

Genie is one of the major Brand under Terex who are a global manufacturer of lifting and material processing products and services. Genie equipment is used in a variety of industries and applications worldwide, including rental, aviation, construction, entertainment, government and military, industrial, as well as warehouse and retail.

Green Tweed offer the most effective solutions on the market to minimize downtime maximize production and ensure safety in oil & gas exploration and production.

- Avalon®
- Arlon®
- Chemraz®
- Xyfluor® 870
- Nbr (Nitrile)
- FKM (Fluorocarbon)
- Fluoraz®

- Pipe floats
- Cable floats
- Hose floats
- Ball floats

The Wilden family of air-operated double-diaphragm (AODD) pumps has proven its rugged durability and reliable performance in countless installations since 1955.

- Almate AODD pumps
- Advanced bolted metal pumps
- Advanced bolted plastic pumps
- High pressure pumps

Bestolife offers a diverse lineup of superior lubricants that are proven to extend the life of drilling equipment and increase.

- Honey Kote™
- Bestolife 60% leadbase drilling compound
- Copper supreme special blend® plus

FIS Chemicals Ltd has been manufacturing and supplying specialised cleaning and maintenance chemicals worldwide since 1980. Their Rigwash Degreasers are ideal for use on the drill floor where heavy contamination can occur and can be diluted for general cleaning

- Work gloves
- Safety glasses
- Oil absorbant pads
- Coveralls
- Hand protection gloves
- Thread Protectors

Gas Clip Technologies are the manufacturers of Portable Gas detectors that offer greater reliability, improved productivity, and better cost-efficiency by applying the latest technology to our handheld monitors for gas.

The OEM's of Accumulator Units and spares, PacSeal Hydraulics engineer and manufacture the highest quality BOP control components for land and offshore applications.

Royal Purple produces a wide range of high-performance lubricants for consumer and industrial applications.

Matherne Instrumentation are the manufacturers of Oilfield Instruments.

Products include:

- Pressure Indicator Systems
- Weight Indicator Systems
- Electronic Monitoring Systems
- Torque Indicator Systems
- Deadline Anchors
- Chart Recorders
- Tension/Compression Load Cells
- Tension Cylinders

Vanguard offers an extensive variety of quality, affordable fall protection equipment designed thereby creating a safe environment. Products include, Full Body Harnesses, Shock Absorbing Lanyards, Self Retracting Lifelines and Horizontal Lifeline Systems and many more.

FW Murphy Production Controls offers a wide range of instrumentation and control solutions for the Oil & Gas Production and Natural Gas Compression markets.

### BUTTERFLY VALVES

One of the most durable of all resilient-seated butterfly valves in the industry, this valve excels in a wide variety of applications. Cast in both wafer and tapped-lug patterns in a wide variety of material choices, DEMCO butterfly valves feature a one-piece body for minimum weight and maximum strength. The unique stem hole design in the disc ensures a dry stem journal and the hard-backed seat allows ease of installation, reliable operation, and is field-replaceable without special tools. DEMCO butterfly valves are available in sizes 2 in. through 36 in. (50 mm through 900 mm).

### GATE VALVES

- DEMCO® Series DM Gate Valves
- DEMCO® Series DM 7500 GATE VALVES
- DEMCO® Series DT/DB GATE VALVES

Kemper Valve & Fittings Corp. is one of the United States' leading suppliers of pressure pipe unions and fluid control products to the oil and gas industry.

- Kemper Hammer Unions
- Hammer Seal Unions
- Seal-O-Grip Unions
- Hose Loops and Swivel Joints
- Pup Joints
- Elbows, Tees, Wyes, Crosses
- Laterals Flowline Valves
- Union Crossovers and Union Blanks

### AIR DRYERS & TANKS

Air Treatment

### AIR COMPRESSORS & BLOWERS

Piston Compressors

### AIR COMPRESSORS & BLOWERS

Rotary Screw Compressors

### OFFSHORE HANDLING SYSTEMS LTD

Offshore Handling Systems provide a range of hand safety tools that fully support a 'Hands Free' working environment.

Designed by rig workers for rig workers, each tool has been engineered to address specific challenges during the movement and positioning of loads by supplying a robust safety solution to each operational activity.

Sullair Corporation has focused on the research and manufacturing of screw air compressors for more than 50 years, remarking one of the world's best known air compressor brands

STATIONARY & PORTABLE SCREW COMPRESSORS  
 SCREW VACUUM PUMPS  
 AIR DRYERS & PRECISION FILTERS

TREATED COTTON FLAME RETARDANT COVERALLS

Tough jobs deserve heavy-duty FR clothing. Tavoy offers various solution under its DOUSER range to fit every HSE requirement and budget. Tavoy Coveralls are a combination of comfort, protection, style and fit.

RALLY COVERALLS

100% Cotton High quality ring spun yarn used in weaving ensuring comfort and additional durability.

260GSM Tavoy HiSea

OMRON Industrial Automation functions as a partner to help innovate worldwide manufacturing. Through our expertise in sensing and control technology, we enable manufacturers to operate with greater productivity and streamlined efficiency.

- SENSORS
- SWITCHES
- SAFETY COMPONENTS
- RELAYS
- CONTROL COMPONENTS
- AUTOMATION SYSTEMS
- MOTION / DRIVES
- POWER SUPPLIES / IN ADDITION

RING JOINT GASKET

We stock the highest quality gaskets – manufactured to the worldwide standard and precision machined. They are available in 316 stainless steel, low carbon steel, as well as rubber coated in a wide range of models.
